

EAA CHAPTER 1128

Two Harbors Helgeson Airport

www.1128.eaachapter.org

I was filling grocery bags to stock my Oshkosh camp larder when I remembered to write you this note. I have a load of laundry going and a scribbled check list on every flat surface, I am stoked! Ten days at Airventure are in my immediate future, I hope to see you there.

Our next meeting will be on **Thursday, August 2nd**, at **6:30** in the Roy LaBounty admin building.

LAST MEETING

The July meeting was fruitful and well attended. After calling us to order Mike gave the floor to Seth who laid out the plan for our great Oshkosh experiment. It was amazing. He had the whole booth designed, all the art work done, flyers to hand out, tickets for the raffle, everything. The raffle prizes were also all acquired through Seth's remarkable powers of persuasion. The chapter's participation in the Heritage Days parade was next on the agenda and we agreed on times and places. Mike went over the schedule for the big pancake fly-in including setup and clean up then passed around a sign up sheet for chapter name tags. We talked about how we might continue our effort to reach out to young people and got some good input from Brett. Bill and Steve scheduled the grocery run and coffee urn logistics. Mike suggested forming a small committee to handle routine chapter business so regular meetings could focus more on the fun stuff. Response was positive but no formal motion was made. After we adjourned Bud shot some touch'n'go landings with one of his R/C models in a light breeze.

ETC.

Okay, I have to get back to packing. I hope you have some Oshkosh in your immediate future!

.....Happy Landings!.....
